About Me

My past expertise like service processing, delivery control, and managing Teams, with a background in CSR work for International Service Providers, helped me as a web developer to understand and perceive the needs of users, clients and management too .

Education

Full Stack Web Development

- Digital Career Institute | Apr 2023 - Jan 2024

Further Studies to become a web developer using MERN stack

Bachelors in Business

- Alexandria University | 2020

Majored In Management and Resources

Experience

Front End InternShip

- EB24 LTD, United Kingdom | Oct 2023 - Jan2024
 - Hands-on experience in crafting responsive and user-friendly interfaces, honing my skills in HTML, CSS, and JavaScript to contribute to engaging and dynamic web applications.

Customer Success Manager

- EB24 LTD, United Kingdom | Oct 2019 - Jul 2022
 - Ensure the consistency and quality of service throughout the entire B2B & B2C process
 - Secure a Communication web throughout the hierarchy

Head Coach

- EB24 LTD, United Kingdom | Dec 2017 - Oct 2019
 - Conduct Webinars for the Coaches daily, updating them with changes on products and services to be monitored during work
 - Conduct One on ones with team members who may be facing challenges, collaboratively creating personalized performance improvement plans to provide the necessary support and guidance for their professional growth.
